WHO WE ARE

PL Projects (PLP) is an award winning Project Management Office (PMO) consultancy and Project Management (PM) training organisation based in Halifax, West Yorkshire. Our team of project professionals (our project consultants) travel across the UK to supply our clients with dynamic and valuable solutions for their projects, programmes and portfolios.

We have offered our consultancy expertise across a variety of industries; including IT, Transportation, Infrastructure, Rail, Retail, Energy, Education, Charities and Local Councils. Visit our case studies page to read about our recent projects.

PL Projects

MISSION AND VISION

PL Projects

OUR MISSION:

To nurture our staff and provide excellence in project-based support and training.

OUR VISION:

A world where positive change is brought about by projects delivered ethically, efficiently and sustainably.

OUR VALUES

SUPPORTING COMMUNITY DEVELOPMENT

We are committed to supporting local businesses, especially in and around the West Yorkshire area.

BELIEVING IN SUSTAINABILITY

We are constantly working to reduce our carbon footprint and use of non-recyclable or renewable materials.

SUPPORTING LOCAL CHARITIES

We work closely with and offer our continuous support to two select charities in a variety of different ways.

PL Projects

OUR PEOPLE

PL Projects

We believe in honest and straightforward attitudes and delivering the highest standards of customer service and value, something we expect from all of our employees. Our people are at the centre of what we do, and we are very proud that they choose to work for PLP. Without them, our business would not be a success.

Our employees possess various levels of expertise but, as an organisation, all of our consultants are skilled individuals who strive to support our clients' projects to the best of their abilities.

Visit our people's page on our website and follow us on social media to learn more about our people.

PL Projects

OUR SERVICES

PLANNING AND PMO CONSULTANCY

RISK MANAGEMENT

PM QUALIFICATION TRAINING

PM SOFTWARE SUPPORT

PL Projects

We can support these PMO requirements:

- Project planning and scheduling
- Project governance
- Change control and change management
- Risk and commercial management
- PMO administration support

PLANNING AND PMO CONSULTANCY

These services can be received individually or as part of a package to achieve your project's desired objectives. This involves gathering key requirements from stakeholders, agreeing upon desired objectives, planning and scheduling the project’s stages and governing and controlling the entire process. Our project consultants perform these services to increase your chances of achieving real project success within your organisation. To learn more about our PMO services, visit our planning and scheduling and PMO pages on our website.

PL Projects

RISK MANAGEMENT

Under our risk management umbrella, we offer three main services:

RISK AS A MANAGED SERVICE

- One of our fundamental services is to be able to provide risk management as a managed service. This can be tailored towards your organisational needs to ensure we provide the right level of service for the complexities of your organisation.
- We have a wide range of experienced practitioners who can provide varying service agreements such as senior risk management consultant, risk manager, risk analysis and risk support officers.

RISK MANAGEMENT CONSULTANCY

- Our consultancy service allows us to embed our risk specialists to provide advice, assurance, improvement and quality checking of your organisations risk management capability.

RISK MANAGEMENT TRAINING

- APM Project Risk Management Single Subject Certificate (Level 1 and 2)
- We provide training in the APM's risk management single subject qualification levels 1 and 2.

PM QUALIFICATION TRAINING

PL Projects

As an accredited training provider of the Association for Project Management (APM), we can develop your project teams' skills through the Project Fundamentals Qualification and Project Management Qualification.

We offer bespoke training for your team's development, including the training of PM software systems, various project methodologies, planning creations and much more. It is all dependent upon what skills you would like to develop within your project team. We have completed this bespoke training service for many of our clients - review our Leeds City Council case study to learn more.

We also deliver the Level 4 Associate Project Manager Apprenticeship with organisations that pay into the Apprenticeship Levy as an alternative approach for aspiring project management professionals.

PM SOFTWARE SUPPORT

Our expert project consultants and training team have experience working with a wide range of software, including Microsoft Project, Primavera and Perform. Whether you are looking for some basic set-up assistance or a full installation, training and management process, our team can help you.

Each of these tools can assist you and your project team with various project requirements, such as tracking, multi-level permissions, reporting, resource management and much more.

To learn more about each tool visit our website's PM software support page.
