

PL Projects

Passionate Project Professionals.

WHO ARE WE?

PL Projects (PLP) is an award winning Project Management Office (PMO) consultancy and Project Management (PM) training organisation based in Halifax, West Yorkshire. Our team of passionate project professionals (our project consultants) travel across the UK to supply our clients with dynamic and valuable solutions for their projects, programmes and portfolios.

We have offered our consultancy expertise across a variety of industries including IT, Transportation, Infrastructure, Rail, Retail, Energy, Education, Charities and Local Councils. Visit our case studies page to read about our recent projects.

WHAT ARE WE ABOUT?

OUR PEOPLE

We believe in honest and straightforward attitudes and delivering the highest standards of customer service and value, something we expect from all of our employees. Our people are at the centre of what we do, and we are very proud that they choose to work for PLP. Without them, our business would not be a success. Our employees possess various levels of expertise but, as an organisation, all of our consultants are skilled individuals who strive to support our clients' projects to the best of their abilities. Visit our people's page to find out more.

OUR VALUES

Our business embodies our brands' strong values in offering ethical and sustainable business relationships. We are heavily influenced by our passion to make our business as sustainable as possible whilst still supporting and standing up for local businesses and charities.

1. **Sustainability.** We work hard to reduce our carbon footprint and the use of plastic within all aspects of the business to take care of the environment. We have set up various internal schemes to accomplish these goals.
2. **Supporting local businesses.** We purposely choose local suppliers in West Yorkshire to contribute towards the local economy. For instance, the income created from our headquarters rental office space is used to contribute to the significant charitable work carried completed by the Halifax Opportunities Trust in Calderdale.
3. **Supporting selected charities.** We offer our continuous support and volunteer efforts to two charities; The Outback Community Garden and the Kerry West Orphanage Project. To get a greater understanding of our values and charitable funding, visit our CSR page.

OUR SERVICES

1

**PMO
SUPPORT**

2

**PM
SOFTWARE
SUPPORT**

3

**PM
TRAINING**

PMO SUPPORT

We can support the following PMO requirements:

- Project planning and scheduling
- Project governance
- Change control and change management
- Risk and commercial management
- PMO administration support

These services can be received individually or as part of a package to achieve your project's desired objectives. This involves gathering key criteria from stakeholders, agreeing upon desired objectives, planning and scheduling the project's stages and governing and controlling the entire process. Our project consultants perform these services to increase your chances of achieving real project success within your organisation. To learn more about our PMO services, visit our planning and scheduling and PMO pages on our website.

PM SOFTWARE SUPPORT

Our expert project consultants and training team have experience working with a wide range of software, including Microsoft Project, Primavera and Perform. Whether you are looking for some basic setting-up assistance or a full installation, training, and management process, our team can help you.

Each of these tools can assist you and your project team with various project requirements, such as tracking, multi-level permissions, reporting, resource management and much more.

To learn more about each tool visit our website's IT software support page.

PM TRAINING

Lastly, as an accredited training provider of the Association for Project Management (APM), we can develop your project teams' skills through the Project Fundamentals Qualification and Project Management Qualification.

We offer bespoke training for your team's development, including the training of PM software systems, various project methodologies, planning creations and much more. It is all dependent upon what skills you would like to develop within your project team.

We have completed this bespoke training service for many of our clients – review our Leeds City Council case study to learn more.

PLP PRICING PLAN

These prices do not include travel expenses. PL Projects' consultants have the ability and technology to support clients remotely, but the majority of our clients require site visits. Our consultants travel across the country to assist our clients with their projects. Expenses will reflect the frequency of travel and location of the office. More information about our consultants experience, training and qualifications is available on our people's page.

PROJECT SUPPORT OFFICER

Day rate: £175 - £275

A Project Support Officer provides project administration support to the project team. Some responsibilities include minute taking, scheduling meetings, drafting proposals and creating PowerPoint presentations.

PLANNING CONSULTANT

Day rate: £395 - £595

A Planning Consultant provides planning expertise to the project team and supports with various planning responsibilities, including establishing a project plan work breakdown structure, base-lining the schedule, updating project plans in Microsoft Project and Primavera, weekly and monthly project reporting to senior management team and liaising with other departments and disciplines in the business to ensure they are aware of their roles in meeting the project.

PROJECT CONSULTANT

Day rate: £275 - £395

A Project Consultant provides project management office support to the project team. Some responsibilities include maintaining RAID logs, improving quality, facilitating review meetings, maintaining the change control process, organising project preview and steering group meetings, owning the project SharePoint area and ensuring effective configuration management and the development and improvement of the provision of PMO support.

SENIOR PLANNER

Day rate: £595 - £795

A Senior Planning Consultant manages a small team of project support professionals. They hold similar responsibilities to the Planning Consultant; however they are a part of a senior management team and assists the Planning Manager with high level decision making responsibilities.

PLANNING MANAGER

Day rate: £795 - £1,000

A Planning Manager manages the entire planning and project support team within the client's site. They are a part of the senior executive team and their main responsibilities include managing the team to achieve project success and making high level executive decisions that impact the project's success.
